Structured Access to Financial Markets

SMART TRADING is an independent asset management service provider offering trading-related services based on predefined strategies and agreed terms.

Trading is conducted through **EQUITI GROUP**, a regulated and licensed brokerage that provides trading platform and execution services.

Markets We Trade:

Gold | Crypto | Forex | Commodities

How It Works

You authorize trading activity on your account through a structured setup, while maintaining full access and visibility via your personal trading platform.

All trading activity takes place within your own account held with the broker, ensuring transparency and control at all times.

Smart Trading is independent and not affiliated with Equiti Group. Past performance does not guarantee future results.
